

This Policy covers the acceptable use of the JPS Guest Wireless Network facilities, services and the use of any connected device supplied by JPS Studios. Such devices include but are not limited to Computers, Laptops, Mobile devices, or any device/s that connects to the internet.

JPS welcomes visitors to the offices and studios, and use of the Guest Wireless Network, however such use is subject to compliance with this Policy, JPS IT Acceptable Use Policy and Acceptable Use policies of any other networks or services used, and all applicable laws, rules, and regulations.

Any individual connected to the Guest Wireless Network in order to use it directly or to connect to any other network(s), must comply with this policy, the stated purposes and Acceptable Use policies of any other network(s) or host(s) used, and all applicable laws, rules, and regulations.

JPS makes no representations or warranties concerning the availability of security of the Guest Wireless Network, and all use is provided on an as-is basis. By using the Guest Wireless Network you agree to defend, indemnify, and hold harmless JPS for any losses or damages that may result from your use of the Guest Wireless Network.

JPS takes no responsibility and assumes no liability for any content uploaded, shared, transmitted, or downloaded by you or any third party, or for anything you may encounter or any data that may be lost or compromised while connected to the Guest Wireless Network.

JPS reserves the right to disconnect any user at any time and for any reason. The Guest Wireless Network is provided as a courtesy to our customers and visitors and they will not be granted access to JPS confidential or restricted data.

Inappropriate use of the Guest Wireless Network or any JPS Studios hardware devices connected to the internet is not permitted. JPS Studios reserves the right to inspect, monitor or intercept data, solely for lawful purposes whenever deemed necessary, together with the authority to pass such data to third parties, either as required by law or to fulfil JPS's contractual obligations. This Policy does not list all possible inappropriate uses but rather presents some guidelines (set out below) that JPS may at any time use to make a determination that a particular use is inappropriate:

- Users must respect the privacy and intellectual property rights of others.
- Users must respect the integrity of our network and any other public or private computing and network systems.
- Use of the Guest Wireless Network for malicious, fraudulent, or misrepresentative purposes is prohibited.
- The Guest Wireless Network may not be used in a manner that precludes or hampers other users' access to the Guest Wireless Network or any other networks.
- Nothing may be installed or used that modifies, disrupts, or interferes in any way with service for any user, host, or network.

If you have any questions about the above, feel free to contact our support team at JPS who will happily clarify things for you.
