

With an estimated 150,000 new tracks uploaded every day globally to Music Streaming Platforms…how do you "cut through" and get ***NOTICED****?*

With the influx of "AI Music" and the proliferation of "Artificial Artists"...how do you demonstrate that you are actually ***HUMAN****?*

With less "Live Music" venues available than ever before and difficulties in breaking into that circuit along with with Sky High Ticket Prices…how do you reach your ***AUDIENCE****?*

As Aspiring Professional Musician's…how do you have a career in the Music Industry when there are so many "Middle Men" taking a cut of your ***EARNINGS****?*
